

Adorable CUSTOM MADE Sofa Chairs for Toddlers! These are amazing chairs my son LOVES his!

The chairs are approximately 26" Wide, 17" Tall, and 19" Deep. They are made with 2" foam, which gives it a very nice cushion all over! You get to pick your fabric! The fabric choices are endless! Have it match your kids room, your living room, a sports team... whatever you want! The chair is custom made piece by piece. Once your fabric choice is chosen, then the name can be put on the chair back and then the chair can be put together. My 6 year old nephew sits in Daelyns chair when he comes over... so they can definitely use them for a long time!

The cost for the chair is \$150.00, but if you supply the fabric, then it's only \$130.00 - remember...these costs include the embroidered name (embroidered by Lilli Pad Gifts) and you choose the font and color thread!

Please give 2-4 weeks for the chairs to be finished... (could be sooner, but just in case, 4 weeks max). *The Holidays are coming up fast, so get your orders in early!*

If you would like more information on these chairs, please contact me.
